BULLETIN OF THE ROTARY CLUB OF MONTREAL-LAKESHORE

## Recent Events

Semi recently purchased toys on behalf of our Community Committee for the West Island Mission **Toy Drive**. This event is now in its second year and allows registered parents to choose a suitable gift for their child. Over 500 children are registered this year.

Seven members recently attended **St Anne's Hospital** in order to decorate several locations within the hospital for Christmas. Our assistance in putting up and bringing down the decorations and returning them to storage helps save the hospital around \$3,000 dollars each year. On January 6<sup>th</sup> we will return to bring them down so all volunteers are welcome.

As in previous years, our Club will be donating **Christmas Baskets** to 12 families on behalf of Community Aid Dorval. Members are currently collecting food items to donate, so please keep it up! Any donations of food items or gift cards from Tim Horton's, Walmart or Maxi would be greatly appreciated. Please bring all donations to our evening meeting on December 10<sup>th</sup>.

**District Governor** Gerry Lambert visited our Club on November 12<sup>th</sup>.

Delivery of **Christmas Hams** to members will take place after our evening meeting on December 10<sup>th</sup>. We thank Knud for selling them once again. Your efforts are greatly appreciated!

## This Month's Jokes

### Back In Time

Three friends – a surgeon, an engineer and a politician – were discussing which of their professions was the oldest.

The surgeon says "Eve was created from Adam's rib which was a surgical procedure".

The engineer replies "Before Adam and Eve, order was created out of chaos, and that was an engineering job!

To which the politician responds "Yes, but who do you suppose created the chaos?"

### Cost Of Living

Despite the cost of living, have you noticed how it remains so popular?
